

BOWERBIRD BAZAAR

Following in the footsteps of various Adelaide markets (hello to Brickworks, Rundle St and Gilles St) comes Bowerbird Bazaar. Market junkies, this one is for you! Artwork, vintage clothes, homewares, jewellery, food, drink, arts, crafts, trinkets, knick knacks, odds and ends are for sale from local and interstate designers, artists and craftspeople. This market event is the first of its kind for South Australia bringing together designers/makers from Australia-wide.

"The event combines a mini trade fair and networking opportunity, as well as a selling platform direct to the public. The stall holders are designers that we have

selected to participate and the quality and standard of work is high and includes products from rugs, to jewellery, furniture and more," says Rebekah Cichero, co-organiser of Bowerbird Bazaar.

Have the credit card ready for an Enoki stitch rug; coat hooks by Two Halves, custom furniture by Koush and jewellery from Kristina Brenke. Make sure you check out these stalls while you're there...

Bowerbird Bazaar is happening on Fri Oct 9 - Sun Oct 11 at Queen's Theatre, Playhouse Lane.

MESSAGEMARK

Adelaide-based MessageMark was born from a simple hobby of making greeting cards using creator Kyrie Kohlhagen's creative imagery. She produces fun and happy paper products using 100 percent recycled materials...

"We have reinvented the standard greeting card to create a fun way to share warm fuzzies with friends, family and work mates! MessageMark believes that you don't need a specific reason to send a card. The random and simple gesture of giving a greeting card will make a positive impact to anyone's day - and it makes you feel good inside too! Our products include our Jot, Chat and Msg Card range, multi-card packs, invitations and gift tags," says Kyrie.

SPROUTDESIGN

Tim and Rebekah Cichero's playful label Sproutdesign is all about the clever (okay, cute) designs, fresh ideas and products for the home. Best of all, it's an Adelaide company. And now they bring their clever wares to Bowerbird Bazaar...

"Sproutdesign bed linen, fabric, lampshades and T-shirts will be on offer along with gorgeous screen-printed prints for little people (that big people will love too)," says Rebekah.

NASTALIE

Anyone that can make bags look beautiful out of vintage leather, fabric, buttons and 100 percent recycled paper coupled with an environmental consciousness is a winner in our eyes. So I guess that makes Adelaide designer and maker Natalie Angus a winner.

"I'm selling a mixture of old and new. Nastalie bags, clutches and notebooks made from vintage leather clothing. And a new range of beautiful soft Italian leather pieces," says Natalie.
